

Data viz in the wild

- Zach
- Tess

Chris and Vinita on deck

Lab 2

overview

Quick note on theming

As you get more particular, you might want finer-grained control

Until then, I recommend starting with `ggthemeassist`.

[demo]

Quick note on groups

I've mentioned this previously but there seemed to be some confusion: You are welcome to work as a group on any/all labs **and** homework.

However

If you work as a group you must collaborate via GitHub

Lab 2

The rest of the time is yours
